FOR USE WITH MULTIPLE POWER SEATING OPTIONS

The BOUNDER 300M H-Frame Power Wheelchair has been configured to meet Medicare’s Group 3 K0861 coding requirements. Similar to the BOUNDER Plus H-frame in its design, it is configured for installation of multiple power seating systems such as tilt and recline.

STANDARD FEATURES

- **6.0 mph Top Speed**
- **Dynamic Controls DX2 electronics** - 5 drive profiles, battery condition meter, diagnostics, and more
- **Smart electric brake release** - for easy pushing by an attendant
- **9” x 3.50” aluminum caster wheels** - excellent on most surfaces including grass and dirt roads
- **12.75” x 4.00” aluminum/steel drive wheels** - available with a smooth or knobby tread pattern
- **Very stable rear wheel drive** - does not fishtail at high speeds unlike front and mid-wheel drives
- **Durable black powder coated frame**
- **Non-slip chain drive**
- **0.120” wall steel seat rails and back posts**
- **Sliding dual group 24 battery box** - for greater range and ease of maintenance.
- **Rugged 70 degree swing-away footrests**
- **Desk length articulating arms**

POWER SEATING OPTIONS

- Tilt, recline, 13” seat elevate, anterior tilt and power front load system
- Dual independent power elevating legrests, Power elevating articulating center mount footboard and power headrest
